

## **Alyssa Bogardis**

Age: 14

Hi, my name is Alyssa Bogardis, I'm 14 years old and very proud to be from the small town of Haliburton, Ontario. I just graduated from grade 8 and will be entering high school this fall to prepare myself for university, where I intend on fulfilling my academic dream to study and become a Veterinarian. I started riding at the age of 6 at Summer Camp and joined Pony Club a few years later where I was introduced to Pony Club Mounted Games. Mounted Games is the most exciting sport to compete in with the speed and skill required together with the partnership of your pony and team mates. I have been competing with Mounted Games Canada for three years as well as attending competitions in the United States. I feel very proud to be riding with everyone on the team representing Canada. I am looking forward to the competition and meeting many new friends!
