

Hi, my name is Alexis Vahey and I am sixteen years old. I come from a small town named Kinmount in Ontario. I have just finished my second year of high school, and hope to pursue my dream to become a doctor. I started riding when I was nine years old, and have loved it ever since. I started with Pony Club Mounted Games at the age of twelve with the Victoria Pony Club. Two years ago, I joined Mounted Games and this will be my second Under 17 world appearance. I enjoy all the equine activities, but I would say Mounted Games is one of my favourites. I enjoy the speed and intensity of the fast-paced races. I am extremely excited to be riding with this amazing team, and I want to wish good luck to everyone competing in the Under 17 2016 World Team Championships.
